**SEWER RATES ESTABLISHED JANUARY THROUGH MARCH, 2016**

The Town shall determine for each user the average monthly volume of wastewater discharged to the sewer system. This average monthly volume shall be determined by the average metered water usage during the "winter base period" of January through March of each year.

The customer's rate is determined by the customer's average monthly water usage during the winter base period and multiplying by the per-one-thousand-gallon charge in the rate schedule.

The Town of Lochbuie applied for state Energy and Mineral Impact Assistance funds, which are revenues derived from oil, gas, carbon dioxide, coal and metals extracted from Colorado.

The Town was recently awarded this grant from the Department of Local Affairs (DOLA) in the amount \$87,500 for a Comprehensive Plan and Development Code Update.

The Town of Lochbuie Board of Trustees, Planning Commission and Lochbuie Arts & Cultural Advisory Committee Meetings will all be held at Lochbuie Elementary Library unless posted otherwise.
