MAY 2017

## Every drop counts. Be water smart!

With summer's arrival, the daily water consumption rises. A few small changes can go a long way:

- \*Water your yard early in the morning or late in the afternoon to avoid evaporation
- \*Understand how your sprinkler system works and avoid overwatering
- \*Use a broom instead of a hose to clean your driveway and walkways
- \*Inspect your faucets and toilets regularly for small leaks

### Reminder of water rates are as follows:

Meter Size	Previous Base Rate	Current Base Rate
5/8" Meter	\$40.07	\$30.00
Classification of Volumetric Water Usage Charges	Gallon of Water Per Monthly Billing Cycle	Per 1,000 Gallon Cost
