*Resource Central partners with local water providers to offer seminars on xeriscaping and other sustainable landscape practices. Formerly known as the Center for Resource Conservation.*

## Building & Permits

Whether it's a fence, shed, new building, or addition to an existing building, chances are a permit is required.

Permits and follow-up inspections ensure building and site development occur in a safe manner. Contact Town Hall at (303) 655-9308.

If your project does not require a building permit, there may still be restrictions on the placement and height of any structure.

Please verify with the Town before beginning a project.

The Town of Lochbuie is offering a new program this year in partnership with Resource Central, **Garden In A Box** will be available to residents.

Garden In A Box provides a significant water conservation tool in the form of a plant-by-number garden kit. Affordably priced, these professionally designed gardens improve the beauty and water efficiency of any landscape.
